Independent Auditor's Report to the Board of Directors

#### Report on Review of Interim Condensed Consolidated Financial Information

#### Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of Wethaq Takaful Insurance Company (Kuwaiti Shareholding Public Company) and its subsidiaries (collectively the "Group") as at 30 September 2020 and the interim condensed consolidated statements of profit or loss, other comprehensive income, changes in equity and cash flows for the nine months period then ended. The Group's management is responsible for the preparation and presentation of this Interim Condensed Consolidated Financial Information in accordance with International Accounting Standard (34) "Interim Financial Reporting". Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

#### Scope of Review

Except as stated in the next section, we conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity".

A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with the International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### **Basis for Qualified Conclusion**

• The interim condensed consolidated financial information for the period ended 30 September 2020 includes the amount due from the policyholders of KD 6,310,596 (KD 6,292,981 – 31 December 2019) and Qard Hassan to policyholders amounting to KD 1,463,111 (KD 1,463,111 – 31 December 2019) after deducting the provision made for these balances amounting to KD 434,574 and KD 162,500 respectively (KD 434,574 and KD 162,500 respectively – 31 December 2019). The management did not consider the impairment of such balances as at 31 December 2019 and 30 September 2020 as required under the International Financial Reporting Standards. Qualified opinion was expressed in the audited consolidated financial statements for the year ended 31 December 2019 regarding this matter. We were unable to complete our review of

- these balances as at 30 September 2020. Had we been able to complete our review of such balances, matters might have come to our attention indicating that adjustments might be necessary to the interim condensed consolidated financial information.
- The interim condensed consolidated financial information for the period ended 30 September 2020 includes the policyholders' assets, which include accounts receivable and other assets and premiums receivable of KD 568,174 (KD 797,539 31 December 2019) and KD 1,089,070 (KD 1,078,262 31 December 2019) respectively, representing balances brought forward from previous years in addition to the balance movement during the period. Further, the management did not consider the impairment thereof as required under the International Financial Reporting Standards. Qualified opinion was expressed in the audited consolidated financial statements for the year ended 31 December 2019 regarding this matter. We were unable to complete our review of these balances as at 30 September 2020. Had we been able to complete our review of such balances, matters might have come to our attention indicating that adjustments might be necessary to the interim condensed consolidated financial information.
- The interim condensed consolidated financial information for the period ended 30 September 2020 includes investment property of KD 186,682 (KD 186,682 31 December 2019). The management did not conduct valuation of such property for the financial year ended 31 December 2019 and the period ended 30 September 2020. We were unable to complete our review of this investment property as at 30 September 2020. Had we been able to complete our review of the investment property, matters might have come to our attention indicating that adjustments might be necessary to the interim condensed consolidated financial information.

#### **Qualified Conclusion**

Except for the adjustments to the interim condensed consolidated financial information that we might have become aware of had it not been for the situation described above, based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with International Accounting Standard No. (34) "Interim Financial Reporting".

#### Other Matter

The consolidated financial statements for the financial year ended 31 December 2019 were audited by another auditor who expressed qualified opinion on 29 March 2020.

#### Report on Other Legal and Regulatory Requirements

Furthermore, based on our review, the interim condensed consolidated financial information is in agreement with the books of the Parent Company. To the best of our knowledge and belief, no violations of the Companies Law No. 1 of 2016, and its Executive Regulations, as amended, or of the Parent Company's Memorandum and Articles of Association, as amended, have occurred during the nine-month period ended 30 September 2020 that might have had a material effect on the business of the Group or on its consolidated financial position.

We further report that, during the course of our review, we have not become aware of any violations of the provisions of Law No. 7 of 2010, concerning the Capital Market Authority and its related regulations during the nine-month period ended 30 September 2020 that might have had a material effect on the business of the Group or its consolidated financial position.
