Wethaq Takaful Insurance Company (K.S.C.P) and its Subsidiaries
State of Kuwait

Independent Auditor's Report to the Board of Directors

Report on Review of Interim Condensed Consolidated Financial Information

#### Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of Wethaq Takaful Insurance Company (K.S.C.P) and its subsidiaries (collectively the "Group") as at 30 September 2021 and the interim condensed consolidated statements of profit or loss, other comprehensive income, changes in equity and cash flows for the nine months period then ended. The Group's management is responsible for the preparation and presentation of this Interim Condensed Consolidated Financial Information in accordance with International Accounting Standard (34) "Interim Financial Reporting". Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

#### Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity".

A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with the International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### **Basis for Qualified Conclusion**

• The interim condensed consolidated financial information for the period ended 30 September 2021 includes the amount due from the policyholders of KD 6,561,246 (KD 6,310,596 – 31 December 2020) and Qard Hassan to policyholders amounting to KD 1,463,111 (KD 1,463,111 – 31 December 2020) after deducting the provision made for these balances amounting to KD 434,574 and KD 162,500 respectively (KD 434,574 and KD 162,500 respectively – 31 December 2020). The management did not consider the impairment of such balances as at 31 December 2020 and 30 September 2021 as required under the International Financial Reporting Standards. Qualified opinion was expressed in the audited consolidated financial statements for the year ended 31 December 2020 regarding this matter. We were unable to complete our review of

these balances as at 30 September 2021. Had we been able to complete our review of such balances, matters might have come to our attention indicating that adjustments might be necessary to the interim condensed consolidated financial information.

• The interim condensed consolidated financial information for the period ended 30 September 2021 includes the policyholders' assets, which include accounts receivable and other assets and premiums receivable of KD 1,438,987 (KD 3,192,521 – 31 December 2020) and KD 1,576,257 (KD 1,514,824 – 31 December 2020) respectively, representing balances brought forward from previous years in addition to the balance movement during the period. Further, the management did not consider the impairment thereof as required under the International Financial Reporting Standards. Qualified opinion was expressed in the audited consolidated financial statements for the year ended 31 December 2020 regarding this matter. We were unable to complete our review of these balances as at 30 September 2021. Had we been able to complete our review of such balances, matters might have come to our attention indicating that adjustments might be necessary to the interim condensed consolidated financial information.

#### **Qualified Conclusion**

Except for the adjustments to the interim condensed consolidated financial information that we might have become aware of had it not been for the situation described above, based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with International Accounting Standard No. (34) "Interim Financial Reporting".

#### Report on Other Legal and Regulatory Requirements

Furthermore, based on our review, the interim condensed consolidated financial information is in agreement with the books of the Parent Company. To the best of our knowledge and belief, no violations of the Companies Law No. 1 of 2016, and its Executive Regulations, as amended, or of the Parent Company's Memorandum and Articles of Association, as amended, have occurred during the nine-month period ended 30 September 2021 that might have had a material effect on the business of the Group or on its consolidated financial position.

We further report that, during the course of our review, we have not become aware of any violations of the provisions of Law No. 7 of 2010, concerning the Capital Markets Authority and its related regulations during the nine-month period ended 30 September 2021 that might have had a material effect on the business of the Group or its consolidated financial position.

#### 2.2 Significant accounting policies

The accounting policies used in preparing the interim condensed consolidated financial information are similar to those used in the preparation of consolidated financial statements for the year ended 31 December 2020 Amendments to IFRSs which are effective for the annual periods starting from 1 January 2021 didn't have any material impact on the accounting policies, financial position or performance of the Group.

#### 3. Fair value measurement

All assets and liabilities for which fair value is measured or disclosed in the interim condensed consolidated financial information are categorized within the fair value hierarchy based on the lowest level input that is significant to the fair value measurement as a whole, as follows:

- Level 1: quoted (unadjusted) market prices in active markets for identical assets or liabilities;
- Level 2: valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable; and
- Level3: valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

The below table presents analysis of the captions recorded at fair value by level of the fair value hierarchy:

As at 30 September 2021, the fair values of financial instruments approximate their carrying amounts. The management of the Group has assessed that the fair values of its financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these financial instruments. During the period, there were no transfers between levels 1, Level 2, and Level 3.

#### 4. Judgment and estimates

The preparation of interim condensed consolidated financial information requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income, and expense. Actual results may differ from these estimates.

#### Investment properties

The Group's management determined the fair value of investment properties using internal studies. This requires the management to assess different factors to arrive at the best estimate of the property value.

#### Impairment of financial assets

The Group assessed the financial assets exposed to impairment risks, and the management concluded that there was no material adverse impact resulting from the outbreak of COVID-19.

#### Insurance contracts liabilities

Claims are usually separately addressed, either by being reserved at the face value of loss adjustor estimates or separately projected in order to reflect their future development. In most cases, no explicit assumptions are made regarding future rates of claims inflation or loss ratios. Instead, the assumptions used are those implicit in the historic claims development data on which the projections are based. Additional qualitative judgment is used to assess the extent to which past trends may not apply in future, (for example to reflect one-off occurrences, changes in external or market factors such as public attitudes to claiming, economic conditions, levels of claims inflation, judicial decisions and legislation, as well as internal factors such as portfolio mix, policy conditions and claims handling procedures) in order to arrive at the estimated ultimate cost of claims that present the likely outcome from the range of possible outcomes, taking account of all the uncertainties involved.

Amounts due from policy holders represent net movements in policyholders' account for the net fund transfers from and to their account in addition to the management fees from policyholders, and advances to the policyholders' operations as and when required. In accordance with the Parent Company's Articles of Association, shareholders are entitled to management fees from policyholders up to 20% of the total premiums written and investment income. In its meeting held on 21June 2017, the Board of Directors resolved to calculate management fees at 20% of the net profit instead of 20% of revenue as a right to shareholders in the results of policyholders starting from 1 April 2017 until further notice, to settle the Qard Hassan balance (Note 8) in such a way that ensures continuity of the Takaful insurance activity of the policyholders.

#### 8. Qard Hassan to policyholders

In line with the Articles of Association, policyholders' net deficit from insurance activities has been covered by the Qard Hassan from the shareholders. The Qard Hassan provided by shareholders to the policyholders will be settled through the expected surplus from insurance activities in future years.

Although the Court of Appeal passed its judgment in favor of the State, the Parent Company submitted a request to the Court of Cassation to suspend the enforcement.

#### 18. Impact of COVID-19 Pandemic

In light of the emergence of the Coronavirus (COVID-19) in the People's Republic of China and its spread at a later stage in a number of countries in the world, the World Health Organization has announced a global epidemic classification, and in light of its outbreak at the level of the continents of the world, the World Health Organization has declared it to be classified from an epidemic to a pandemic. This has made the world's governments close their borders, suspend their operations, and apply curfew within their borders. In the State of Kuwait, a number of legislations were issued as part of the precautionary measures to combat the aforementioned pandemic, as outlined below:

- On 25 February 2020, all flights from certain countries were suspended. Subsequently, the suspension was extended to cover all air traffic in the State of Kuwait on 12 March 2020.
- On 10 March 2020, the government started imposing a moratorium on certain commercial activities, leading to the implementation of a partial curfew from 22 March 2020.
- On 11 March 2020, The Council of Ministers announced the suspension of government and private entities for a period of two weeks, and then it was extended until 24 April 2020.
- On 28 May 2020, The Council of Ministers announced the suspension of government entities for a period of three weeks, which was then was extended until 21 June 2020.
- On 30 June 2020, the government and business entities began to gradually resume business activities.
- On 7 March 2021, the government started a partial curfew until 12 May 2021.

As a result of these precautionary measures, the business has been suspended either totally or partially, depending on the business sector and according to the requirements of controlling the pandemic.

Notes to interim condensed consolidated financial information (unaudited) For the nine-month period ended 30 September 2021

(All amounts are in Kuwaiti Dinar)

The Group's management assessed the effect on the financial information as a result of the current conditions. Significant changes are outlined below:

At the date of approving the financial statements, the Group studied the potential effects of fluctuations in the current market to determine the amounts recognized for the Group's unquoted financial assets in light of the impact of Covid-19. It was observed that there is a decrease in takaful operations revenues during the period ended 30 September 2021. This represents the best evaluation by the management based on the available observable information as at the date of interim condensed consolidated financial information. The Group closely monitors if the fair value of financial assets and liabilities represents the price that would be realized for transactions among market participants under the current scenario.
